POLITICAL.

Narraguagus Clay Club. A Clay Club was organized in Cherryfield on the 7th inst, called the **Narraguagus Clay Club**, by the choice of the following officers, viz **WM. FREEMAN, President.** Joseph Adams, Wm. W. Chase, J. T. Webb, F. Kings, C. S. Hall, James G. Sanborn, Recording Secretary. Geo. H. Devereux, Corresponding Sec'y. **DIRECTORS.** C. Burbank, W. B. Anstin, R. Hall, L. P. Jordan, M. L. Patten, J. A. Campbell, Daniel Willey. **J. T. Marston, Treasurer.**

The meeting was eloquently addressed by G. H. Devereux, C. Burbank, Esqs and others, and the following original song, with others, was sung on the occasion.

The Whig Companies are Coming. TUNE—"The Teetotallers are Coming."

The Whig companies are coming, The Whig companies are coming, The Whig companies are coming, With the Banner of Clay. They are the Friends of Freedom, And will liberate the land.

Their armor glitters brightly, Their music's sweet and sprightly, They move erect and lightly, With the Banner of Clay. They are the Friends, &c.

They will guard the People's treasures, They will watch their dearest pleasures, They will conquer all their measures With the Banner of Clay. They are the Friends, &c.

From want and degradation, They will rescue every station— They will succor all the nation With the Banner of Clay. They are the Friends, &c.

From the Traitors, who deceive us, And the Treasons, which now grieve us, They will joyfully relieve us With the Banner of Clay. They are the Friends, &c.

In their ranks no subtle Tory, Shall breathe his serpent story, To lead them from their glory With the Banner of Clay. They are the Friends, &c.

No coward here shall tarry, Or flinch from any ally, But every soul will rally With the Banner of Clay. They are the Friends, &c.

On, on, shall be their pressing, Till victory possessing, They win the crowning blessing With the Banner of Clay. They are the Friends, &c.

Then, while in triumph glowing That Banner shall be blowing, Their hearts with joy o'erflowing, They will shout hurrahs for Clay. We will join the Bands of Freedom And will shout hurrahs for Clay.

Compliments to Great Characters. We wish to place on record the handsome manner in which two of our great men have been spoken of, in regard to their intelligence and common sense about the Texas question.

The opinions of no men were so much looked for by a large number of persons, as those of Gen Jackson and Mr Van Buren. To the first, Mr Tappan, the "democratic" Senator from Ohio paid the high compliment of saying that he had been "imposed upon," about the whole matter.

"The papers here and elsewhere supporting the present Administration had endeavored to impress a false issue on the public mind. The Executive journal was constantly giving as a reason why the treaty should be ratified, that Texas must fall into the hands of England; and were not adopted into the American family—Gen Jackson had been momentarily imposed upon, and the private secretary of the President of Texas had been sent to him to make that impression on his mind. The whole was a falsehood, a flagrant fraud attempted to be practised upon the credulity of the American people—it was not necessary to say by whom, here it was very well known."

To call Gen Jackson the dupe of Tyler and Houston is quite severe enough. But Gen Jackson, in his printed letters, accuses Mr Van Buren of sheer ignorance, for three years, about a point of the question, which has been continually agitated the whole time.

"I cannot close these remarks without saying that my regard for Van Buren is so great, and my confidence in his love of country so strengthened by so long and intimate an acquaintance, that no difference on this subject can change my opinion of his character. He has evidently prepared his letter from a knowledge only of the circumstances bearing on the subject as they existed at the close of his Administration without a view of the disclosures since made, and which manifest the probability of a dangerous interference with the affairs of Texas by a foreign power."

Mr Van Buren ignorant! and Gen Jackson imposed upon! Nothing is more likely, yet we did not think it would be said, so plainly.

Polk's Pedigree. Amos Kendall devotes several pages of the Expositor to the merits of Mr Polk. He tells us what he did and what he did not do, and what he did, but after all he has omitted an important fact connected with Young Hickory's pedigree, which we think no one aporopes thus those which he has recounted. He says that Mr Polk's great uncle was a Revolutionary Patriot. Perhaps he was, but unfortunately for him, his father was a Tory. The Democratic Review, from which Kendall quotes, hints at this fact, but honest Amos has cautiously excluded it from his paper. [Washington Standard]

Hon Luther Severance arrived at home on Wednesday last.

Mr. Polk.

The Nothingness of Mr Polk, per se, and the mockery of putting forth such a man for the office of President of the United States, are well exhibited in the annexed remarks from the Charleston (S. C.) Courier:

The feeling will grow and, so grow, that party discipline cannot check it, that the first magistracy of a great and free people is not to be thrown away upon a mere political partisan.

What support will it receive? It will receive the support that party discipline can be brought to give, to a man of whom the people know nothing. The politicians of the Calhoun sect will follow the example of Mr Ellmore, and give Mr Polk the same hearty embrace, and grasp him as "the stick that broke Mr Van Buren's head." But there will not be a particle of generous enthusiasm—not one bosom in the State will kindle at his name—not one heart leaps at the thought of this elevation. The prospect of his success brings no gladness to patriotic pride. No one in the State or country could feel that in his election great services had met a proper reward—great talent a fitting theatre of action. Mr Polk has had no career of his own—and is distinguished by absolute subservitude to those portions of the career of Jackson and Van Buren, which brought down the hottest indignation of the country, and—south Carolina. It is not a question, that he is the smallest spirit the country has ever had presented to it for its suffrages. If Mr Van Buren nomination for the Presidency struck the country originally as a declension from the great men who had preceded him, is there not a precipice between Mr Polk and Mr Van Buren? He possesses none of those grand qualities—like General Jackson—which commanded the admiration of all men. None of those points of career and character like—Harrison and Johnson—halt hero, halt good fellow—which command the hearts of the people. None of that experience in affairs, and quiet wisdom, which compels the respect of politicians, and confidence in safe administration, which distinguished Mr Van Buren.

Mr Polk is a MERE, NAKED POLITICIAN—his name comes to us with none of the glorious vestments of the orator—none of the brilliant distinctions of the hero—none of the steady, full splendors of the patriot statesman. A measureless partisan—he is nothing out of party—and has achieved nothing which has commanded the homage or gratitude of the country. His is not a national name. Mr Polk has consequently received in South Carolina a mere party support—soothed by the defeat of Mr Van Buren—in the Union, a bare party support chilled by the poverty of his character and career, and the displacement of Mr Van Buren, and all the great names of the Democratic Party. As it is certain that his merits would not have won him the distinction of being nominated as Vice President on any ticket of his party, which would embody the strength of his party—just so certain is it, that his nomination for the presidency is an empty distinction, and Mr Polk will fulfil his mission and the hopes of his party, in proving the hero of an unparalleled defeat.

The New York friends of Mr Van Buren and Mr Butler in particular, must find special cause for supporting Mr Polk, in the suggestion of Mr Ellmore, that Mr P. is "the stick that broke Mr Van Buren's head."

Honest Abolition Sentiments.

Our free colored citizens have never failed to discriminate between the true and the false friends of abolition. With this class of citizens the cause of Emancipation is too sacred to be trifled or trafficked with. But it is widely different with those who espouse the cause of Anti-Slavery, as some do, to get a roving commission and a living, and with others who organize a "Liberty Party" to obtain, if not office, the honor of running for office. Nobody tathons the objects of these men so readily as the colored people, for the reason that nobody else watches their movements so close, or are so deeply interested in promoting the real principles of Emancipation.

The "Northern Star," a paper published and edited by men of color, closes an article in relation to the course and objects of the "Liberty Party," as follows:

"We have now briefly examined the means, so far as we have been able to discover them, by which the Liberty party aims to abolish slavery. For the reasons given, we do not believe the means can accomplish the aims. One word as to the measures of the Liberty party. We predicted, in the columns of the Colored American, some years ago, that this political party would fail, as a political party, to abolish slavery. Our reason then was, and now is, that the party must fail to abolish slavery, because it has changed the issue—its forsaken anti-slavery, and adopted for itself. The party aims at, not the abolition of slavery, but the possession of office, as its primary object, abolition is secondary, and is rapidly becoming a tertiary object with them. Office, being the primary object necessarily absorbs their greatest labor, and what prevents them from getting into office, is the immediate or secondary field of their labor.

The Whig party, because it has had the good fortune to do some anti-slavery work—thereby not stalling Liberty party work—has come in for the special favor of the Liberty party. We believe that the Liberty men hate Whiggery more than they hate slavery, and they love office more than they love anti-slavery.

We treat these office-seeking Liberty men—We doubt the sincerity of the men who can make the bleeding hearts of suffering slaves, and the sympathies which those slaves excite, a means by which they shall gratify their vaulting ambition. And we speak, in this matter, the views of a very large proportion of the free colored people of the free States.

Fire in Warren.

A two story house owned and occupied by Mr Jesse Dunbar at Warren was on the night of the 19th inst. totally destroyed by fire with most of its contents. The fire is supposed to have originated from a fish smoke house near. An agent had called upon the owner twice and invited him to effect an insurance, which he declined. So in consequence of a neglect to advance from one to two dollars, he has lost from \$800 to \$1,000. This shows the importance of having buildings insured in the country as well as in village. Delays are dangerous. [Bath Telegraph]

ORDER OF ARRANGEMENTS OF THE WHIG STATE CONVENTIONS.

The delegations from the different counties will assemble as early as practicable, on the morning of the 26th inst., (at eight o'clock if possible) at the following places, to wit:

- YORK, Methodist Church.
- CUMBERLAND, Universalist Vestry.
- LINCOLN, Unitarian Church.
- HANCOCK, School House near Methodist Church.
- WASHINGTON, School House near Baptist Church.
- KENNEBEC, Court House.
- OXFORD, Baptist Vestry.
- SOMERSET, Town House Hall.
- PENOBSCOT, Concert Hall.
- WALDO, Town House, (lower floor.)
- FRANKLIN, Congregational Vestry.
- PISCATAQUIS, Jury Rooms, (Court House.)
- AROOSTOOK, East School Room, (Town House.)

ORDER OF PROCESSION.

The grand procession will form at half past nine, at the junction of State and Winthrop streets, under the direction of Gen. Samuel G. Ladd of Farmington, as Chief Marshal, assisted by Gen. Caleb Stevens of Pittston, Col. John A. Pettungill, and Wm. J. Kilburn of Augusta, A. S. Sawtelle, and Wm. S. Haines of Hallowell, Maj. Bradford Sawtell of Sidney, and Col. Timothy O. Howe of Readfield, as assistant Marshals, and will proceed up Winthrop street, to Orchard street, from thence to Green street, down Green to Water street, through Water to Bridge street, up Bridge to State street, and from thence to the State House.

The delegates to the nominating Convention will take the van of the procession, and when it arrives at the State House, will proceed directly to the Representatives' Hall.

The Mass Convention will organize on the grounds front of the State House. A salute of 26 guns will be fired at seven o'clock, A. M., and another immediately after the announcement of the nominations to the Mass Convention.

Bands of Music from Augusta, Portland and Bangor will be present, and contribute to the interest of the occasion.

The Committee of Arrangements will be in session the evening previous to the meeting of the Convention, at one of the Jury Rooms in the Court House, where all persons in want of accommodations, are requested to apply.

It is to be hoped that every facility will be extended to the Marshals in the performance of their duty, and exertions made on the part of those in attendance to be in the procession punctually at the appointed hour.

By order of Committee of Arrangements.

Not a bankrupt who availed himself of the provisions of "the debt expunger," can be found in the country, but is a warm supporter of Mr Clay for the Presidency. Thus they reward him for enabling them to escape the payment of their honest debt. With what grace can the Whig editors talk about repudiation, when Mr Clay was the father and supporter of a law that enabled speculation Bankrupts to repudiate more millions of just obligations, than the entire indebtedness of the States and nation?

So writes the New York Plebeian, with customary truth and propriety. Suppose we should test this savage denunciation, by citing some examples in our own State, as we formerly did, to see how many of the political associates of the Plebeian, availed themselves of this mode of "expunging their honest debts."

They are not in fact, grateful, as the Plebeian assumes. They rejoice in the benefits of the Bankrupt Law, but support the man who denounces both the law and themselves,—Portland Advertiser.

It is true despatches have arrived for the Department of State, which are now under process of translation, and also despatches from Gen Santa Ana to Gen. Almonte. The contents, however, are not so favorable as at first reported, and are rather of an evasive character. Another set of despatches, which are contained in a trunk, have unfortunately been left behind at Mobile, and are expected soon. It is believed (in the State Department) that a double set of despatches were prepared for Gen. Almonte, one to take effect in case the treaty be rejected, and another in case it be ratified by the Senate. In the latter case, it is thought Mexico would have consented for a valuable consideration. This news you may rely upon—Washington Cor. Phil Ledger.

Whig Mass Convention.

The Kennebec Journal thus speaks of the great Whig State Convention:

"Wednesday next will be a great day in Augusta. Our Mass Convention promises to surpass in numbers, any previous one ever held in the State. Letters from every quarter of the State, and other sources of information, assure us that all sections of the State will be fully represented. A letter from the East says, 'you may expect the "Charter Oak" will go into the Kennebec with from 1200 to 1500 delegates.' Another from Cumberland informs us that from 700 to 1000 will be present from that quarter of the State. We learn from Franklin and Somerset, that the Whigs from those Counties will come almost en masse. Lincoln, Oxford, Waldo, and the other Counties are in motion, and will send heavy delegations. Our own County, old Kennebec, the fortress of Whig strength in our State, will pour forth from her hills and valleys, thousands of her gallant Whigs, to swell the throng. "WE ARE COMING," is the cry throughout the State.

Several distinguished gentlemen from other States, and among them Senator Morehead, of Kentucky, are expected to be present.

The Nashville Union, the organ of Polk and Jackson, holds the following language:

"We wish it borne in mind that the oppressive Tarif of 1842 has been condemned by every true Democrat, and by a name more than Van Buren. THAT ITS PROVISIONS ARE VIEWED WITH ABHORRENCE BY GOVERNOR POLK AND ALL HIS FRIENDS WHO NEED NOT REPEAT."

In Alna May 2d the dwelling house of Mr Willard M. Moore was discovered to be on fire. The wind blowing fresh the fire communicated to his barn and also to a two story house and barn of Mr. Marr, although several rods distant all of which were destroyed. No insurance. [Bath Telegraph]

IN pursuance of the recommendation of the Legislative Convention held on the 7th of February last, and in accordance with the expressed wishes of the Whigs, notice is given that a MASS MEETING of the PEOPLE of Maine, and FRIENDS OF THE PEOPLE OF Maine, and FRIENDS OF FRELINGHUYSEN, will be held at Augusta on WEDNESDAY the 26th day of June, A. All citizens in favor of the Whig policy to be pursued by the next Administration, as set forth at the great National Convention at Baltimore, are invited to be present and to join in efforts to secure the ascendancy of Whig principles in Maine, and to place the prosperity of this State as well as the Nation upon a firm and durable basis. Ebenezer French, Esq., brought into our Office on Saturday several blades of rye six feet and four inches long. He says the rye in his whole field will average five feet and a half high. This is pretty well, and may be taken as a sample of the prospect of crops generally, with the exception perhaps of potatoes, which have failed to vegetate this season as well as is usual. The grass crop appears very well. There are frequent showers and warm weather and nature everywhere seems rejoicing in its beauty and strength.

We do not think the glorious old military boots of Gen Jackson will prove a good fit for Mr. Polk. Calling the latter "Young Hickory" is a biting satire—how can the fragile, rotten pole stick be like the stout and lasting hickory? This trying to play Gen. Jackson, has been attempted by John Tyler; and Benton has thus exposed it—the fit as good for Polk as Tyler.

He wants to play Jackson, but let him have a care From the sublime to ridiculous there is no middle ground. The hero unused, the harlequin appears; and hisses salute the ears which were itched for applause.

To-morrow morning the Charter Oak will leave this city for the Kennebec river, for the purpose of accommodating the delegates and others who wish to attend the great Whig State Convention at Augusta. The City Greys and the Brass Band will accompany the delegates and perform escort duty on the occasion.

Tribute of Respect.

The Bangor Rifle Corps have recently given a new expression of the respect they entertained for their late Commander, Capt. Thaddeus B. Jones, by presenting his infant daughter, Thadora, with an elegant and beautifully finished silver vase. Capt. Jones was highly respected by our citizens and beloved by his companions in arms. His sudden death last winter, made a void in the circles in which he moved, not easily filled. This mark of respect to the departed Rifle Corps must be highly gratifying to his afflicted widow, who, now, with her infant child to whom the vase has been presented, is living with her parents at Westbrook.

This vase may be seen at the jewelry store of Mr. E. W. Uennison.

Rev Mr Fairchild attempted to commit suicide at Exeter N. H. on Thursday last. Mr F., was 55 years old. He graduated at Yale College in 1819, and preached at South Boston 14 years. It is reported that the probable cause of this dreadful act is supposed to be certain reports of his character for purity. The recent cases of decadence in the clerical profession are a signal warning to all, especially with this melancholy result to cause all men to pray that they may not be led into temptation.

Massacre.

We learn from the New Bedford Mercury, that an arrival at that port brings intelligence that the British frigate, Cleopatra having got ashore on a reef on the coast of Madagascar, one of her boats, with an officer and thirteen men, sent to carry out a stream anchor, was attacked by the natives, and eight of them were killed, including the Lieutenant.

We are indebted to some unknown friend to whom we return our thanks, for a copy of a lecture delivered by Rev. G. W. Quimby, before the Odd Fellows of Saco, showing why Females should be interested in Odd-fellowship.

This lecture gives an unambiguous and very clear account of the objects and influences of Odd-fellowship; and contains a well timed defence of the order against some of the charges that have unjustly been brought against it.

From St. Domingo.

We learn says a New York paper, from an officer of the U. S. Navy, who arrived yesterday from Jamaica, that the civil war is still raging in the island of St. Domingo, between the blacks and browns, and as the number of the former is greater than the latter by 20 to 1, the browns are flying from the different parts of Jamaica, for the preservation of their lives, leaving their own property, as well as that of foreigners, consigned to them, (of which there is a great amount) to the mercy of the half civilized negroes. At present the sloop-of-war Preble is the only protection we have for the safety of the property and lives of our fellow citizens in the unfortunate island.

Col. Harrison American consul at Jamaica gave the best intelligence to her commander, and he proceeded without delay to Aux Cayes. When our informant left Jamaica, it was understood that the commercial agent and British counsel had taken refuge on board the Preble, and that at least 300 persons had been taken out of prison by the negro chieftain Acaon, who caused them all to be whipped, whipping many with his own hands after which the survivors were again sent to prison.

Address of O'Connell to the People of Ireland.

PEACE AND QUIET.

PEOPLE OF IRELAND, FELLOW COUNTRYMEN, BELIEVED FELLOW COUNTRYMEN—The sentence is passed. But there is another appeal from that sentence. The appeal lies to the House of Lords. I solemnly pledge myself to bring an appeal against that sentence, and I assure you there is every prospect that it will be received. Peace, then and quiet. Let there not be one particle of riot, tumult or violence.

This is the crisis in which it will be shown whether the people of Ireland will obey me or not. Any person who violates the law, or is guilty of any violence, insult, or injury to persons or property, shows himself an enemy to his country.

The people of Ireland—the sober, steady, honest, religious people of Ireland—have hitherto obeyed my commands and kept quiet. Let every man stay at home. Let the women and children stay at home. Do not crowd the streets, and in particular let no man approach the precincts of the Four Courts.

Now, people of Dublin, and people of Ireland generally, I shall know, and the world will know, whether you love and respect me or not. Show your love and regard for me, by your obedience to the law—your peace, conduct, and the total avoidance of any riot or violence.

PEACE, ORDER, AND TRANQUILITY.

Preserve the peace, and the Repeal cause will necessarily be triumphant. Peace and quiet I ask for in my name, and as you regard me. Peace and quiet I ask for in the name of Ireland, and as you love your native land. Peace, quiet, order, I call for under the solemn sanction of religion. I conjure you to observe quiet, and I ask it in the adorable name of the ever living God. Gratify me and your friends by your being quiet and peaceable.

The enemies of Ireland would be delighted at your violating the peace, or being guilty of any disorder. Disappoint them, gratify and delight me by peace order, and quiet.

DANIEL O'CONNELL.

Our thanks are due to Jerome & Co's and to Gilman's Expresses for Boston and New York papers received by the last boat in advance of the Mail.

Col. Thomas Fillebrown, late of Winterport, Me., extensively known and universally respected, who served in the revolution, was for many years a member of the Massachusetts Senate, before the separation, and subsequently for a long time represented the town of Winthrop in the Legislature of Maine, and a member of the different electoral colleges which elected Jefferson, Madison, Monroe, J. Q. Adams, and Harrison, hung himself a few days ago, at Gardiner. He was 81 years of age. The reason of his putting an end to his existence is not known.

It is generally understood that Hon. Cornelius P. Van Ness, ex-Governor of Vermont and ex-Minister to Spain, is appointed Collector of New York.

News from the Columbia River Exploring Party.

A letter was received on Wednesday by the Department of State at Washington from Thomas O. Larkin, U. S. Consul at Monterey, covering the following very interesting communication from J. A. Sutter, the Alcalde of the new town of New Helvetia, on the river Sacramento, one of the branches of the San Francisco, or from the United States to California, and to the establishment first; most of the emigrants on land from the States since 1840 have settled near Mr. Sutter.

The following is the letter;

New Helvetia, March 27th 1844.

Sir:—On the 6th inst. Lieut J. C. Fremont, of the U. S. Exploring Expedition, arrived here in distress, having been forced to deviate from his course on account of deep snows, loss of animals, and want of provisions,—he informed me of having left the Columbia river, a short distance from Fort Vancouver, with the intention of crossing to the head of the head waters of the Arkansas river eastward, through the lower or southern part of the Oregon Territory, but finding a succession of high mountains covered with snow, which, with the distressed condition of his company, forced him to abandon his route, and strike for the settlements of California, east, and cross the mountains farther to the South.

On the morning of the 25th inst. he left here direct for the United States; his party consisted of twenty-five men. The visit of this exploring expedition I attribute entirely to accident; for, a month previous to their arrival, the company had subsisted entirely on horse and mule flesh, the starvation and fatigue they had endured rendered them truly deplorable objects.

(Signed) J. A. SUTTER.

THOS. O. LARKIN, Esq., U. S. Consul, Monterey, California.

Lieut. Fremont, through the kindness of Mr Sutter, obtained the supplies of provisions, mules and horses that he required for proceeding on his homeward route.

Mr. Clay.

The Lexington (Ky.) Observer of the 15th inst. says;

From numerous inquiries which are constantly being made of us from a distance, in regard to the health of our distinguished neighbor, we deem it proper to state that Mr Clay a few days ago was unwell, but that he has now entirely recovered, and is in the enjoyment of his usual good health, and in the daily pursuit of his business avocations.

Look out for Your Lands.

The time for redeeming land sold for taxes of 1840 and 1841, in the City of Bangor, expired the 27th inst.

The City Council will meet this afternoon at two o'clock.

An Extra Session of Congress is threatened by Tyler.

To the Hon. the Justices of the Supreme Judicial Court held at Norridgewock within and for the County of Somerset on the 19th Tuesday next after the fourth Tuesday of May, 1844.

UMHLY sheweth Isaac M. Bragg of Bangor, in the County of Penobscot and State of Maine, Merchant, that he is seized in fee simple and as tenant in common of and in certain real estate situated in the County of Washington and State aforesaid, and described as follows, a tract of land situated in an unincorporated place upon the Schoodic lake, numbered nine in the fourth range, and bounded as follows, to wit: beginning at a spruce tree on the north line of township numbered nine in the third range at the south east corner of the line of said Foxcroft; thence north on the east line of said Foxcroft to the north east corner thereof; thence east about six hundred eighty nine rods to a cedar tree near the Schoodic lake marked 4, S. H. W. Aug. 6, 1832; thence southerly and easterly to the shore of the Schoodic lake till you strike the corner of said lake which extends into said township in a southerly direction separating the main body of the township from the Tongue of land purchased of James M. Robbins by A. & S. Hill, Jan. 27, 1832, estimated to contain two thousand five hundred acres; thence by a line drawn at right angles with the north line of Dyer's Township so called, to the head of the centre of said bay to the north line of said Dyer's township; thence by said north line to the first mentioned bounds. Said land contains twenty thousand acres more or less; subject however to the reservations of three lots of three hundred and twenty acres each for public uses. Also three hundred and seventy acres conveyed by Theodore S. Brown to Enoch Crocker, now one hundred acres in the possession of Crocker, Snow. And the said Bragg is seized in fee simple of eight undivided twentieth parts of the aforesaid real estate, in common with other persons who are to him the said Bragg, unknown; that he claims partition of his proportion, as aforesaid; as a fee simple estate; that he does not know who his co-tenants are, that he cannot possess, occupy and improve his said part and proportion of said real estate to any advantage while the same lies in common and undivided as aforesaid, but wholly loses the profits thereof; wherefore he prays that notice may be issued in due form of law, and that his said part and proportion may be set off and assigned to him in severalty; and your petition shall ever pray. I. M. BRAGG. June 11, 1844.

CAUTION.

I UNDERSTAND that a young man, apparently about 21 years old, calling his name CORM-WEIL, and representing himself as an Agent for the "Symbol and Odd Fellows Magazine," has been in Hallowell, and perhaps in other towns in Maine of late, soliciting subscribers and taking pay for said publication. The public should be notified that I have no such Agent in my service. My only authorized Agents for the Symbol are published on the covers of the Magazine.

NEW PRINCIPLES OF PURGATION.
CORNARO'S
Purifying and Preserving
PILLS.

THE American public has for a long time been
the victim of a false and dangerous system of
medicine founded on the practice of LONG CON-
TINUED AND UNRELIEVED PURGATION.
The evils of this old system are of the most wide-
spread and alarming character. They have reach-
ed through every vein and artery of our nation.—
In every city, and village, and hamlet—in every
State and Territory of our vast Republic, will be
found those who have suffered, or who are still suf-
fering from the injurious effects of this old system,
of whose practical utility the disease, decay, and
utter prostration of those who test it furnish the
most condemning proofs!

COMMON DRASTIC PURGATION
Scours out the system by the most improper and
violent means, and then leave it, weak, low, feeble
debilitated, to regain its strength as best it may.—
Sometimes the consequences of this old Purgative
practice are worse than mere Debility. Inflammation
of the bowels, Slow Fever, Bloody Piles, and
other horrible disorders are produced, simply from
the want of some enlivening and preserving power
in the medicine employed. Sometimes the diges-
tive organs are deeply and permanently injured by
this coarse and unphilosophical practice, leaving the
patient AN INVALID FOR LIFE.

The alarming evils and absurdities of the old system
of Purgation, have led to the introduction of a new
Life-giving Medicine, called CORNARO'S PURI-
FYING AND PRESERVING PILLS, which are
established on this new and only true principle of
Purgation, viz:

**NO PURGATION WITHOUT IMMEDIATE
RESTORATION.**

The use of this admirable Purgative remedy
strikes a death blow to that abominable system,
which by continually evacuating the bowels without
any conservative or saving power, so dreadfully
and fearfully prostrates and injures the unhappy pa-
tient. These Purifying and Preserving Pills are
believed to constitute the perfection of medicine,
being a UNIVERSAL VEGETABLE PURGA-
TIVE, containing two great remedies combined
viz: One remedy to PURIFY FROM CORRUPTI-
TION, and another to PRESERVE FROM INJURY
AND DECAY.

And for the purpose of attaining the highest de-
gree of purity in the preparation of these Pills, Dr.
Bradlee has, at a vast expenditure of time and
money, invented and patented at Washington, a
chemical and philosophical apparatus for distilling
and refining vegetable extracts, called

THE SEVEN-FOLD FURNACE,
A powerful and novel machine—having Seven Fires
and Seven Alembics, with distilling, condensing,
and evaporating fixtures of a new and ingenious
contrivance, capable of obtaining more than seven
times the ordinary purity of any vegetable extract
heretofore used in compounding medicine. The
Balsamic and Preserving power of these Pills is
also, by this invention, highly purified and refined,
and so mingled with the operative medicine, that it
repairs all the injuries created by Purgation as soon
as they are caused, and strongly fortifies the sys-
tem against future corruption and decay.

Let the public be no longer deceived by the ad-
vertisements of the "one remedy" doctors, who show
their entire ignorance of the organic laws of the hu-
man system by supposing that a medicine which
purges merely, without renovating or preserving, can
be a perfect remedy. For it is a fixed and immuta-
ble law of our being that there should be, in no case,
Purgation without immediate Restoration; and hence
it follows, and is proved to demonstration, that all
Purgatives which DO NOT possess a saving and
preserving power, are injurious and injurious only—
and possess NOT ONE REDEMPTORY QUALITY.

The whole theory of common drastic Purgation is
based upon unnatural and absurd laws, and they who
follow it fall victims to their own folly, and too late
repent their temerity.

**BEWARE OF UNRELIEVED PURGA-
TION!** Purge and Preserve, or do not attempt to
Purge at all.

The celebrated PURIFYING AND PRE-
SERVING PILLS, purify the body from corruption
and preserve it from injury and decay by a single
operation. They are a Universal Vegetable Purga-
tive, of sovereign use in all diseases of the human
system in which purgation is required, particularly
in Jaundice, Indigestion, Dyspepsia, Eruptions of the
Skin, Scrofula, Piles, Constiveness, Bilious Disorders,
Liver Complaint, Fevers, Nervous Disorders, Inward
Weakness, Cholera, Dysentery, Worms, Gout, Rheu-
matism, Female Complaints, Depression of Spirits,
Debility of System, Fits, &c., &c.

Dr. D. Jayne's
FAMILY MEDICINES.

JAYNE'S EXPECTORANT.
THIS invaluable medicine is daily effecting some of
the most astonishing and wonderful cures that have
ever been known. All who have used it for Asthma,
Coughs, Spitting of Blood, Whooping Cough, Group or
Hives, Consumption, Chronic Pleurisy, Hoarseness, Pain
and Soreness of the Breast, Difficulty of Breathing, and
every other disease of the LUNGS and BREAST, can
do almost to its usefulness. BRONCHITIS, a dis-
ease which is annually sweeping thousands upon thou-
sands to a premature grave, under the mistaken name of
CONSUMPTION, is always cured by it. The usual
symptoms of this disease, Bronchitis, are Cough, Sore-
ness of the Lungs or Throat, Hoarseness, Difficulty of
Breathing, Asthma, Spitting of Blood, Spitting up of
Phlegm or Matter, and sometimes Blood. It is an in-
flammation of the fine skin which lines the inside of the
whole of the wind tubes or air vessels which run through
every part of the Lungs. The Expectorant immediately
suppresses the Cough, Pain, Inflammation, Fever and
Difficulty of Breathing, and produces a free and easy
expectoration, and a cure is soon effected.
It always cures ASTHMA. Two or three large doses
will cure the CROUP, or HIVES of children, in from 15
minutes to an hour's time. It immediately subdues the
violence of WHOOPING COUGH, and effects a speedy
cure. Hundreds who have been given up by their phy-
sicians as incurable cases of CONSUMPTION, have been
restored to perfect health by it.
If this Expectorant be given in the commencement of
PLEURISY, INFLAMMATION OF THE LUNGS, or
in acute RHEUMATISM, it does sufficiently large, so
as to cause a little nausea for some time, going to bed
and covering up warm, it will produce perspiration, and
subdue those affections at once.
PRICE \$1.00.

Tonic Vermifuge.
WORMS IN CHILDREN. Of all diseases to which
children are exposed, none are so fatal to them as
Worms. Unfortunately, children are seldom free from
them, and as they imitate the symptoms of almost every
other complaint, they often produce alarming effects
without being suspected. They are not only a cause of
disease themselves, but by their irritation aggravate all
other diseases, wandering from one part of the body to
another, winding themselves up into large balls, and ob-
structing the bowels, and frequently the throat, causing
convulsions, and too often death. The desired remedy,
which will very soon destroy the worms, and invigorate
the powers of digestion so as to prevent a return of
them. PRICE 50 cents.

JAYNE'S CARMINATIVE BALSM.
This is one of the most efficient, pleasant, and safe
compositions ever offered to the public, for the cure of
the various derangements of the Stomach and Bowels,
and the only article worthy of the least confidence for
curing CHOLERA INFANTUM or SUMMER COM-
PLAINT; and in the above and following diseases, it
really acts like a charm, viz:

Dysentery, Diarrhoea or Looseness, Cholera Morbus,
Summer Complaint, Cholera, Griping Pain, Sour Stomach,
Sick and Nervous Headache, Heartburn, Water-brash,
Pain or Sickness of the Stomach, Vomiting, Spitting up
of food after eating, Wind, where it passes through
the bowels unchanged, Want of Appetite, Restlessness
and inability to Sleep, Wind in the Stomach and Bow-
els, Hysteria, Cramp, Nervous Tremor, and Twitch-
ings, Sea Sickness, Flatulency, Melancholy and Loss of
Spirits, Fretting and Crying of Infants, and for all
Bowel Affections and Nervous Diseases.
PRICE 50 cents.

Hair Tonic.
NO EXCUSE FOR A BALD HEAD. Since the im-
portant discovery of Dr. JAYNE'S HAIR TONIC, every
one may, if they choose, preserve their hair from falling
out, or if already bald, may, with certainty, have their
hair restored again by a faithful and persevering appli-
cation of this valuable HAIR TONIC.

Please to read without prejudice the following com-
munication, which, in addition to hundreds of others
equally respectable, should remove the doubts of every
reasonable person of the uniform and singular efficacy
of JAYNE'S HAIR TONIC.

HAMILTON, Feb. 15, 1846.
Dr. D. Jayne.—Dear Sir: I cannot say my hair is re-
stored, but I can say that I appear to be in as rapid a
process of restoration as could reasonably be expected,
and I have finished the first bottle, before a decided
change was manifest over the bald part of the head, to
which it was applied. A new growth of fine glossy
hair, much like that of an infant, appeared, and has
continued to increase, and I have had it cut two or three
times. I have recently commenced upon the third bot-
tle, but have been a good deal irregular in the use of
the Tonic from the first, and from this cause I apprehend
the effect is at present less than it otherwise would
have been.

I began the use of the Tonic with little or no faith
that it would ever be successful on my head, though I
felt entire confidence in your statements of what it had
done for others; and I was as much surprised as de-
lighted when I saw the effect. You recollect the ap-
pearance of my head when you saw me in your office. I assure you
my hair has been nearly, if not quite, an inch long at
the time I have had it cut, on those parts which were
nearly destitute of any when you saw me. It was, how-
ever, very fine, though quite thick. I am flushed with
anguine hopes of final success, in the diligent use of
your Tonic, which, amidst all the hair humbugs which
have been advertised in the papers, I am constrained to
believe is what it claims to be, and that it will make
the hair grow, and no mistake, at least on mine.

Jayne's Sanative Pills.
These Pills are an excellent, mild and safe purge at
all times, and are exceedingly useful in the rapid ex-
haustion of the Liver. Persons taking them can ex-
pect to have a regular, healthy action of the bowels,
and drink as usual, without fear of injury, and what is
of infinite advantage, making the use of mercurial prep-
arations, so frequently used in derangements of the
stomach and liver, unnecessary.

These Pills may be taken at all times, and are benefi-
cial in nearly all diseases. They have long been a fa-
vorable description of the proprietor for all obstructions of
the Liver, Spleen, Kidneys, Uterus, and all other organs
of the body—Inflammatory, Intermittent, Remittent,
Bilious, and every other form of Fever—Jaundice and
Liver Complaint. For Dyspepsia they are really a re-
markable article, gradually changing the vicious ac-
tions of the stomach, and producing healthy ones, and
that important organ. They are very valuable under
all cases of the skin, and for what is commonly called
"corruption of the blood"; also for Female Complaints, Co-
nsumption, &c., &c.—and in fact every disease where a
purgative is required.

OF FIFTEEN OF THESE PILLS CAN BE CURED BY A
persevering use of this valuable SANATIVE.
They are expressly prepared to be used as an aper-
ient, when purging is necessary, while using his Expec-

which are often attendant on some of the diseases
of the Breast.
